EDUCATION

Year	Degree	Institute	CGPA/Percentage
Pursuing (2019)	B. Tech (Computer Science and Engineering)	Lovely Professional University, Punjab	9.28 CGPA
2014	XII(CBSE)	Rani Laxmi Bai Memorial School, Lucknow, Uttar Pradesh	80%
2012	X(CBSE)	Gyan Kunj Academy, Ballia, Uttar Pradesh	10 CGPA

TECHNICAL EXPERIENCE

Stockpile Record (2019). Created a web app to list down the notes or comments of a user and show that whenever the user needs it. It also allows the user to delete the notes, if not needed. This project is designed using ReactJS, Bootstrap and deployed on Firebase and still in development phase.

(View Project: <https://stockpile-record.firebaseio.com>)

Load Meetup Events (2019). Designed a web application using basics of Vue.js and Bootstrap to load past events/meetups hosted by GDG Jalandhar by fetching data from Meetup API and showcase it to the user.

(View Project: <https://meetup-events-data.firebaseio.com>)

Slot-Booking Application (2018). Developed the backend in Django for booking the slot of **iB-Cricket** application depending on the available slots in arcades. User can easily find the nearest arcades based on the current location using Google Maps API.

Google Cloud Next'18 Extended (2018). Designed and developed a web application for Cloud Next'18 event on behalf of GDG Jalandhar. It is a PWA made using HTML5, CSS, JavaScript, Bootstrap, AngularJS and MDG 2.0.

(View Project: <https://gdgjalandhar.com/e/next18/>)

Varsha's Resume Actions (2018). Designed the actions for **My Digital Resume** using **Google Assistant** with **Dialogflow**. The aim of this application is to make the user aware about the skills, projects, achievements and many more by establishing a direct communication through Google Assistant.

(View application: Go to Google Assistant and say “Talk to Varsha's Resume”)

Web Profile - GDG Jalandhar (2018). Created a Mobo responsive standardized web page for the core team members of GDG Jalandhar using HTML5, CSS, JavaScript and Material Design Bootstrap.
